

FISCAL NOTE

SB 2919 - HB 2626

February 14, 1998

SUMMARY OF BILL: Authorizes a county school system to charge tuition to all students (including in-county residents) for voluntary programs occurring outside the 180-day school year.

ESTIMATED FISCAL IMPACT:

Increase Local Govt. Revenues - Exceeds \$100,000 / Permissive

The increase in revenues would be dependent upon the degree of participation by local education agencies, the number of students who would be enrolled in voluntary programs outside the 180-day school year, and the amount of tuition charged each student.

The 1994-95 Department of Education Report Card indicates approximately 35,000 students attended summer school programs. If only a portion of these students were charged tuition, local government revenues could exceed \$100,000.

CERTIFICATION:

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.
